

DID YOU KNOW?

LOGGING TRAILERS - STEER LOCK INDICATOR LIGHT

Find us at www.bwstrailers.com

Did you know that in 2021 BWS started equipping all 4 axle log trailers with a green indicator light on the driver side, front corner.

After reaching 60km/hr the steer lock engages and the light will illuminate.

TRAILER DECALS

The following decals will start appearing on 4 axle loggers in 2024.

Decal will be located in driver side in the front corner of the trailer.

Decal will be located in the control box of the log trailer.
